Wylfa Newydd Project
1.1 Application Form

PINS Reference Number: EN010007
Application Reference Number: 1.1

June 2018
Revision 1.0
Regulation Number: 5(1) and Schedule 2
Planning Act 2008
Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009
### Application Form

Please read guidance documents relating to the submission of applications prior to completing this form including guidance issued by the Department of Communities and Local Government and the advice note relating to application submissions by the Planning Inspectorate (Advice Note 6).

**1. Applicant**

- **Organisation**: Horizon Nuclear Power Wylla Limited

**Address**

- **Building number or name**: Sunrise House
- **Street**: 1420 Charlton Court, Gloucester Business Park
- **City or town**: Gloucester
- **County or administrative area**: Gloucestershire
- **Postcode**: GL34AE
- **Country**: United Kingdom
- **Name of contact**: Mr. Kieran Somers
- **Telephone number**: 01242 508508
- **Fax number**: 
- **Email**: WNDCO@horizonnuclearpower.com

**2. Agent**

- **Are you an agent acting on behalf of the applicant?**
  - Yes
  - No

**3. Fee**

- **State the arrangement for the application fee payment:**
  - BACS
  - CHAPS
  - Cheque

- **Please provide payment reference details**: WNDCO PROJECT
Continued from previous page...

4. Confirming why the Planning Inspectorate should receive the application

* Brief statement to explain why this application is, or is to be treated as, a development for which development consent is required under the Planning Act 2008

The application is for the construction of an on-shore generating station. The generating station will have a total installed generation capacity of 3,100MW and is located entirely in Wales. Therefore the project is within section 15 (3)(A) of the Planning Act 2008 and requires a development consent order.

5. Non-technical description of the Development Proposal

* Brief non-technical description of the development proposal

The Wylfa Newydd DCO Project comprises those parts of the Wylfa Newydd Project which are to be consented by a DCO, namely:

The Nationally Significant Infrastructure Project (NSIP): (refer to Environmental Statement Volume A - Introduction to the project and approach to the EIA A2 - Project overview and introduction to the developments (Application Reference Number 6.1.2))

1. Power Station: the proposed new nuclear power station at Wylfa, including two UK Advanced Boiling Water Reactors, the Cooling Water System, supporting facilities, buildings, plant and structures, radioactive waste and spent fuel storage buildings and the Grid Connection; (refer to Environmental Statement Volume D - WNDA Development D1 - Proposed development (Application Reference Number 6.4.1))

2. Other on-site development: including landscape works and planting, drainage, surface water management systems, public access works including temporary and permanent closures and diversions of public rights of way, new Power Station Access Road and internal site roads, car parking, construction works and activities including construction compounds and temporary parking areas, laydown areas, working areas and temporary works and structures, temporary construction viewing area, diversion of utilities, perimeter and construction fencing, and electricity connections; (refer to Environmental Statement Volume D - WNDA Development D1 - Proposed development (Application Reference Number 6.4.1))

3. Marine Works comprising:

   • Permanent Marine Works: the Cooling Water System, the Marine Off-loading Facility, breakwater structures, shore protection works, surface water drainage outfalls, waste water effluent outfall (and associated drainage of surface water and waste water effluent to the sea), fish recovery and return system, fish deterrent system, navigation aids and Dredging;

   • Temporary Marine Works: temporary cofferdams, a temporary access ramp, temporary navigation aids, temporary outfalls and a temporary barge berth; (refer to Environmental Statement Volume D - WNDA Development D1 - Proposed development (Application Reference Number 6.4.1))

4. Off-site Power Station Facilities: comprising the Alternative Emergency Control Centre (AECC), Environmental Survey Laboratory (ESL) and a Mobile Emergency Equipment Garage (MEEG); (refer to Environmental Statement Volume E Off-Site Power Station Facilities: AECC, ESL and MEEG E1 - Proposed development (Application Reference Number 6.5.1))

Associated Development

1. The Site Campus within the Wylfa Newydd Development Area; (refer to Environmental Statement Volume D - WNDA Development D1 - Proposed development (Application Reference Number 6.4.1))
2. Temporary Park and Ride facility at Dalar Hir for construction workers (Park and Ride); (refer to Environmental Statement Volume F - Park and Ride F1 - Proposed development (Application Reference Number 6.6.1))

3. Temporary Logistics Centre at Parc Cybi (Logistics Centre); (refer to Environmental Statement Volume H - Logistics Centre H1 - Proposed development (Application Reference Number 6.8.1))

4. The A5025 Off-line Highway Improvements; (refer to Environmental Statement Volume G - A5025 Off-line Highway Improvements G1 - Proposed Development (Application Reference Number 6.7.1))

5. Wetland habitat creation and enhancement works as compensation for any potential impacts on the Tre'r Gof Site of Special Scientific Interest (SSSI) at the following sites: (refer to Environmental Statement Volume D - WNDA Development App D1-2 - Ecological Compensation Sites: Assessment of Environmental Effects (Application Reference Number: 6.4.18))
   - Ty Du;
   - Cors Gwawr;
   - Cae Canol-dydd

(Refer to schedule 1 of the draft Development Consent Order (Application Reference Number: 3.1))

6. Location or Route of the Development Proposal

* Description of location of application site(s), or route of development (reference to appropriate plans)

Six sites form the overall Wylfa Newydd DCO Project. Each site is located on the Isle of Anglesey in north Wales in the administrative area of Isle of Anglesey County Council.

The Wylfa Newydd Development Area is located at Wylfa, south of the existing Wylfa Power Station and east of the village of Cemaes. The A5025 road defines the south-east boundary. To the south and west the site abuts agricultural land.

The Off-Site Power Station Facilities site is located 450m north-east of Llanfaethlu village. The site is currently occupied by an existing business. It is bounded to the west by the A5025, residential and storage buildings to the north and farmland to the south and east.

There are five sections of A5025 Off-line Highway Improvements, proposed along the A5025 at Valley, Llanfachraeth, Llanfaethlu, Cefn Coch and the Wylfa Newydd Development Area junction north of Tregele.

The Park and Ride facility is proposed in agricultural land near Dalar Hir, north of Llanfihangel, close to Junction 4 of the A55.

The Logistics Centre is proposed to the north-west of the Parc Cybi employment area to the south of the A55 approximately 2km south of Holyhead.

Three ecological compensation sites are included in the application. These are located at:
   - Ty Du, north of the A5025 between Cemaes and Bull Bay;
   - Cae Canol-dydd, immediately east of B5110 and 1.3km west of Talwrn; and
   - Cors Gwawr, 250m east of Talwrn

The sites which comprise the Wylfa Newydd DCO Project are shown on Order Limits - All DCO Sites (Application Reference Number 2.1)

* Is the site a single site or a linear site?
  - Single site
  - Linear site

Grid reference

* Easting 235796
* Northing 393463
7. Associated development

* Associated development is included within this application:

- Yes
- No

8. a) Consultation report

* Document reference

8. b) Copies of newspaper notices

* Document reference

9. Draft Order

* Document reference

10. Explanatory Memorandum

* Document reference

11. Land Plan

* Document reference

12. Works Plan

* Document reference

13. Compulsory acquisition of land or an interest in land or right over land
Continued from previous page...

* Issues are relevant for this application:
  
  ☐ Yes  ☐ No

Statement of reasons document reference 4.1 - Statement of Reasons

Add another reference

Funding statement document reference 4.2 - Funding Statement

Add another reference

Book of Reference document reference 4.3 - Book of Reference

Add another reference

14. a) Environmental Impact Assessment (EIA)

* Environmental Statement (ES) required:
  
  ☐ Yes  ☐ No

* ES Document Reference 6.11 Environmental Statement Non-Technical Summary

Remove this reference

Add another reference

14. b) Screening Opinion/Direction and Scoping Opinion/Direction

* Screening opinion sought, or direction received:
  
  ☐ Yes  ☐ No

* Scoping opinion sought:
  
  ☐ Yes  ☐ No

Document reference 6.1.9 - Environmental Statement Volume A - Introduction to the project and approach to the EIA Appendix A6-1 - Scoping Opinion Tracker
### 14. c) Publicity required under Regulation 11 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009

In addition to publishing the notice, a copy of the notice was sent to:

* the consultation bodies
  - * Yes

* the persons notified to the applicant in accordance with regulation 9(1)(c) of The Infrastructure Planning (Environmental Impact Assessment) Regulations 2009:
  - ☑ Yes  ☐ No, not applicable

### 15. European sites (to which Regulation 48 of the Conservation (Natural Habitats, & c.) Regulations 1994 applies) or a Ramsar site

* Report required for this application:
  - ☑ Yes  ☐ No

* Document reference 5.2 - Shadow Habitats Regulations Assessment

### 16. A plan, with accompanying information, identifying any statutory or non statutory sites or features of nature conservation, geological or landscape importance; habitats of protected species, important habitats or other diversity features; and water bodies in a river basin management Plan - together with an assessment of any effects likely to be caused by the development.

* Issues are relevant for this application:
  - ☑ Yes  ☐ No

* Document reference 6.4.10 - Environmental Statement Volume D - WNDA Development D10 - Landscape and visual

17. A plan, with accompanying information, identifying any statutory or non statutory sites or features of the historic environment such as scheduled monuments, World Heritage sites, listed buildings and other historic structures, archaeological sites and registered battlefields, together with an assessment of any effects likely to be caused by the proposed development.

* Issues are relevant for this application:
  - [ ] Yes
  - [ ] No

* Document reference 6.4.11 - Environmental Statement Volume D - WNDA Development D11 - Cultural heritage

* Document reference 6.5.11 - Environmental Statement Volume E - Off-Site Power Station Facilities: AECC, ESL and MEEG E11 - Cultural heritage
### 18. Flood Risk Assessment

**Flood risk assessment required:**

- Yes
- No

**Document reference**

- 5.5 - Overarching Flood Consequence Assessment Signposting Document
- 6.4.29 - Environmental Statement Volume D - WNDA Development App D8-4 - Flood Consequence Assessment
- 6.5.16 - Environmental Statement Volume E - Off-Site Power Station Facilities: AECC, ESL and MEEG App E8-1 - MEEG/AECC/ESL - Flood Consequence Assessment
- 6.6.16 - Environmental Statement Volume F - Park and Ride App F8-1 - Dalar Hir - Flood Consequence Assessment
### 19. Matters set out in section 79 (1) (statutory nuisances etc) of the Environmental Protection Act 1990

* Statement required for this application:

  - Yes (Circle)
  - No (Circle)

* Document reference: 5.3 - Statement of Statutory Nuisances

### 20. A plan with any accompanying information identifying any Crown land

* Issues are relevant for this application:

  - Yes (Circle)
  - No (Circle)

* Document reference: 2.5 - Crown Estate Land Plans

### 21. A plan identifying new or altered means of access, stopping up of streets or any diversions, extinguishments or creation or rights of way or public rights of navigation

* Issues are relevant for this application:

  - Yes (Circle)
  - No (Circle)

* Document reference: 2.4 - Rights of Way Plans

### 22. Additional information for specific types of infrastructure

* Additional information is required to be submitted in accordance with regulation 6 of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009:

  - Yes (Circle)
  - No (Circle)

* Provide a brief description
A Grid Connection statement has been prepared in accordance with Reg 6(1)(a) of The Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009. This statement provides information of who will be responsible for designing and building the connection to the electricity network

* Document reference 7.1 - Grid Connection Statement

Regulation 6 of the Infrastructure Planning (Applications: Prescribed Forms and Procedures) Regulations 2009 requires additional information to be submitted with the following types of development.

* Please check any of the following boxes that apply:

- Construction or extension of an offshore generating station (Reg. 6 (1a))
- Construction or extension of a non offshore generating station (Reg. 6 (1b))
- Highway related development (Reg. 6 (2) (part 1))
- Construction or alteration of a railway (Reg. 6 (2) (part 2))
- Construction or alteration of harbour facilities (Reg. 6 (3))
- Construction of a pipeline (Reg. 6 (4))
- Construction or alteration of a hazardous waste facility (Reg. 6 (5))
- Construction of a dam or reservoir (Reg. 6 (6))

**Construction or extension of a non offshore generating station (Reg. 6 (1b))**

* Provide a statement of who will be responsible for designing and building the connection to the electricity grid

Refer to Grid Connection Statement (Application Reference Number: 7.1)

* Is it a gas fuelled generating station?

- Yes
- No

**23. Any other plans, drawings and sections necessary to describe the proposal for which development consent is sought, and any other documents, reports or information to support the application**

Provide a brief description of any other plans, drawings and sections that are being submitted with this application

Order Limits - All DCO sites - (Application Reference Number 2.1)

Detailed design drawings, including for example parameter plans, floor plans, roof plans, elevations, sections, details, drainage and landscaping for each site or project component. Including:

- Wylfa Newydd Development Area- Power Station Site Plans - (Application Reference Number 2.6.1)
- Wylfa Newydd Development Area- Site Campus Plans (Application Reference Number 2.6.2)
- Wylfa Newydd Development Area- Marine Works Plans (Application Reference Number 2.6.3)
- Wylfa Newydd Development Area- Site Preparation and Clearance Plans (Application Reference Number 2.6.4)
- A5025 Offline Highways Section 1 – Valley Plans (Application Reference Number 2.7)
- A5025 Offline Highways Section 3 – Llanfachraeth Plans (Application Reference Number 2.8)

### Provide a brief description of any other documents considered necessary to support the application

- **Guide to the Application (Welsh) (Application Reference Number 1.3)** - Details, in Welsh, the structure of and approach taken to Horizon's application for a DCO for the Wylfa Newydd DCO Project.

- **Guide to the Application (English) (Application Reference Number 1.3)** - Details, the structure of and approach taken to Horizon's application for a DCO for the Wylfa Newydd DCO Project.

- **General Glossary (Application Reference Number 1.4)** - A glossary of terms used in the documents forming the DCO application.

- **s55 application checklist (Application Reference Number 1.5)** - Checklist demonstrating that the application is of a satisfactory standard to be accepted for Examination.

- **Newspaper Notices (Application Reference Number 1.6)** - Copies of the newspaper notices which advertised Horizon's approach to each stage of statutory pre-application consultation in accordance with s47 of the Planning Act 2008 and the requirements set out in Regulation 4 of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009, and newspaper notices which described the Wylfa Newydd DCO Project and the intended application submission dates in accordance with s48 of the Planning Act 2008.
continued from previous page...

Mark-up of the proposed Order against model provision (Application Reference Number 3.2) - Identifies how the proposed Order has deviated from the Model Provisions. The mark-up is supported by the Explanatory Memorandum which provides more discussion on, and the justifications for, any deviations from the Model Provisions.

Draft Heads of Terms for Planning Obligations (Application Reference Number 3.4) - Establishes the planning obligations that will be provided to help mitigate effects caused by the Wylfa Newydd DCO Project as per the Town and Country Planning Act 1990.

Details of other Consents, Licenses and Agreements (Application Reference Number 5.4) - Details the various consents, licenses and agreements required, in addition to the DCO application, in order to construct and operate the Project.

Planning Statement (Application Reference Number 8.1) - Communicates the rationale for the Wylfa Newydd Project and sets this in the context of national, regional and local planning policy, to enable the decision maker to form a judgement on the overall planning balance, including a consideration of the benefits of the project versus its impacts.

Design and Access Statement - Volume 1 - Project-wide (Application Reference Number 8.2.1) - Describes the design concepts and principles and access arrangements for the project.

Design and Access Statement – Volume 2 - Power Station Site (Application Reference Number 8.2.2) - Describes the design concepts and principles and access arrangements for the Power Station Site.

Design and Access Statement - Volume 3 - Associated developments and Off-Site Power Station Facilities (Application Reference Number 8.2.3) - Describes the design concepts and principles and access arrangements for the associated developments.

Jobs and Skills Strategy (Application Reference Number 8.3) - Sets out the strategy for employing and training staff and encouraging local employment.

Workforce Accommodation Strategy (Application Reference Number 8.4) - Sets out the strategy for accommodating the temporary construction workforce.

Workforce Management Strategy (Application Reference Number 8.5) - Establishes principles which will help Horizon to manage its contractors and workforce and guide the development of the Wylfa Newydd Code of Conduct.

Wylfa Newydd Code of Construction Practice (Application Reference Number 8.6) - Outlines, for all aspects of the Wylfa Newydd DCO Project, the strategies, measures and standards of work to be adopted throughout the construction period. This CoCP (and some sub-CoCP) also deal with operational controls for specific developments.

Main Power Station Site sub-CoCP (Application Reference Number 8.7) - Outlines the strategies, measures and standards of work to be adopted throughout the construction period for the Power Station Site.

Marine Works sub-CoCP (Application Reference Number 8.8) - Outlines the strategies, measures and standards of work to be adopted throughout the construction period for the Marine Works.

Off-Site Power Station Facilities sub-CoCP (Application Reference Number 8.9) - Outlines the strategies, measures and standards of work to be adopted throughout the construction period for the Off-site Power Station Facilities.

Park and Ride sub-CoCP (Application Reference Number 8.10) - Outlines the strategies, measures and standards of work to be adopted throughout the construction period for the Park and Ride site.
Logistics Centre sub-CoCP (Application Reference Number 8.11) - Outlines the strategies, measures and standards of work to be adopted throughout the construction period for the Logistics Centre site.

A5025 Off-line Highway Improvements sub-CoCP (Application Reference Number 8.12) - Outlines the strategies, measures and standards of work to be adopted throughout the construction period for the Off-line Highway Improvements.

Wylfa Newydd Code of Operational Practice (Application Reference Number 8.13) - Outlines the framework of measures and standards for the operation of the development.

Mitigation Route Map (Application Reference Number 8.14) - Establishes the mitigation measures which are suggested in the Environmental Statement and secured through the Strategies and Codes of Practice.

Carbon and Energy Report (Application Reference Number 8.15) - Details the carbon and energy footprint for the Wylfa Newydd DCO Project

Landscape and Habitat Management Strategy (Application Reference Number 8.16) - This strategy outlines how the identified effects of the Wylfa Newydd DCO Project on habitats will be addressed and managed.

Sustainability Statement (Application Reference Number 8.17) - Highlights how sustainable development principles have been considered and integrated into the Wylfa Newydd DCO Project.

Health Impact Assessment Non-Technical Summary (English) (Application Reference Number 8.18) - A non-technical summary version of the Health Impact Assessment (described below).

Health Impact Assessment Report (Application Reference Number 8.19) - Identifies and assesses the health and well-being effects of the Wylfa Newydd DCO Project and suggests mitigation.

Welsh Language Impact Assessment Non-Technical Summary (Welsh) (Application Reference Number 8.2) - Provides a Welsh language, non-technical summary of the Welsh Language Impact Assessment

Welsh Language Impact Assessment Non-Technical Summary (English) (Application Reference Number 8.2) - Provides a non-technical summary of the Welsh Language Impact Assessment

Welsh Language Impact Assessment (Welsh) (Application Reference Number 8.21) - Assesses, in Welsh, the likely impacts of the Wylfa Newydd DCO Project on Welsh language and culture.

Welsh Language Impact Assessment (English) (Application Reference Number 8.21) - Assesses the likely impacts of the Wylfa Newydd DCO Project on Welsh language and culture.

Equality Impact Assessment (Application Reference Number 8.22) - Assesses the impact of new and revised policies, practices and services against the requirements of the public sector equality duty.

Community Impact Report (Application Reference Number 8.23) - Identifies the effects from the Environmental Statement, and other assessment documents, on local communities and presents these spatially.

Site Selection Report - Volume 1 - Introduction and Context (Application Reference Number 8.24.1)
Site Selection Report - Volume 2 - Wylfa Newydd Development Area (Application Reference Number 8.24.2)
Site Selection Report - Volume 3 - Off-Site Power Station Facilities (Application Reference Number 8.24.3)
Site Selection Report - Volume 4 - Temporary Workers’ Accommodation (Application Reference Number 8.24.4)
Site Selection Report - Volume 5 - Park and Ride (Application Reference Number 8.24.5)
Site Selection Report - Volume 6 - Logistics Centre (Application Reference Number 8.24.6)
Continued from previous page...

Site Selection Report - Volume 7 - A5025 Off-Line Highway Improvements (Application Reference Number 8.24.7) - Outlines the approach to determining the location of the main temporary and permanent components within the Wylfa Newydd DCO Project.

Statement of Common Ground Position Statement (Application Reference Number 8.25) - Sets out how Horizon is working with key stakeholders to agree Statements of Common Ground and explains the progress that has been made in relation to each.

Water Framework Directive Information to Support Article 4(7) Derogation (Application Reference Number 8.27) - Provides the information required to support a derogation under Article 4(7) of the Water Framework Directive.

Combined Heat and Power Feasibility Study (Application Reference Number 8.28) - Provide an initial assessment to establish whether a combined heat and power system could be viable.

Phasing Strategy (Application Reference Number 8.29) - Establishes the sequence in which the Wylfa Newydd DCO Project and key pieces of mitigation will be constructed.

Provide a brief description of any other information provided that is in support of the application, but which has not been explicitly required.
Additional information relating to hazardous waste facilities (Application Reference Number: 7.2) This document has been prepared to detail the purpose and estimated capacity of these facilities.

Additional information relating to harbour facilities (Application Reference Number: 7.3) This document has been prepared to outline the need and proposed scope of these facilities as part of the Wylfa Newydd DCO Project.

**24. Other consents/licences required under other legislation**

* Other consents/licences are required:
  - Yes ☑️
  - No ☐

* Provide a list of consents/licences

**Planning Applications (Town and Country Planning Act 1990)** -

Two planning applications have been submitted for elements of the Wylfa Newydd Project not within the scope of the DCO application. A planning application for Site Preparation and Clearance works was submitting to Isle of Anglesey County Council on 10 November 2017 and was under consideration when the DCO application was submitted. A planning application for A5025 On-line Highways Improvements was submitted to Isle of Anglesey County Council on 17 November 2017 and was under consideration when the DCO application was submitted.

**Marine Licences (Marine and Coastal Access Act 2009)** -

Two Marine Licences are required for marine construction and dredging and disposal works. Both licences will be submitted at the same time as the application for the DCO. These are being discussed and progressed with NRW.

**Environmental Permits (Environmental Permitting (England and Wales) Regulations 2016)** -

To be submitted at the same time as the submission of the DCO application:
- Radioactive Substances activities,
- Combustion installation activities,
- Water discharge activities,
- Flood risk activity permit, and
- Waste permits

**European Protected Species Licence (Conservation of Habitats and Species Regulations 2010)** -

Licenses are required for Great Crested Newts and Bats. Draft licences are submitted with the DCO application and will be finalised post DCO grant.
### Conservation Licences (Wildlife and Countryside Act 1981)
Licences will be required for water voles and red squirrels (if identified through pre-construction surveys) prior to construction. Draft licenses are submitted with the DCO application and will be finalised post DCO grant (or TCPA grant in the case of Site Preparation and Clearance works).

### Nuclear Site Licence (Nuclear Installations Act 1965)
Grant expected in October 2018.

### Control of Major Accident Hazards (COMAH) (Control of Major Accident Hazards Regulations 2015 (as amended))
to be submitted post DCO grant

### Article 37 (Euratom Treaty) submitted to the European Committee in October 2017
### Article 41 (Euratom Treaty) submitted to the European Committee in February 2017

### Electricity generation licence
Obtained 9 May 2011. Copy of licence attached in Appendix 2.1 of Details of Other Consents, Licences and Agreements (Application Reference Number 5.4). Other consents to be submitted following DCO application submission:

- Planning (Hazardous Substances) Consent (Planning (Hazardous Substances) Act 1990 Planning (Hazardous Substances) (Wales) Regulations 2015);
- Request for Non-domestic Water Supply (Section 55 of the Water Industry Act 1991);
- Water Abstraction Licence(s) for the abstraction of water during construction (Water Resources Act 1991);
- Foul Water Sewer Requisition (Section 98 of the Water Industry Act 1991 and the Water Act 2003);
- Ordinary Watercourse Consents (Land Drainage Act 1991);
- Local Authority Pollution Prevention and Control Part B (Environmental Permitting (England and Wales) Regulations 2010);

Other consents required prior to construction:

- Permit for transport of Abnormal Indivisible Loads Permits (The Road Vehicles (Authorisation of Special Types) (General) Order 2003 or with authorisation from the Secretary of State under the Road Traffic Act 1998;
- Section 61 consent (Control of Pollution Act 1974);
- Construction-related Health and Safety consents (Health and Safety at Work Act 1974 and subsidiary legislation);
- Coastal Station Radio Technically Assigned (Wireless Telegraphy Act 2006);
- Bespoke Hazardous Waste Permits (Environmental Permitting (England and Wales) Regulations 2016);

Other consents required prior to operation:

- Building Regulations (Buildings Regulations) 2010;
- Permit to emit CO2 (Greenhouse Gas Emissions Trading Scheme Regulations 2012);
- Operation-related Health and Safety consents (Health and Safety at Work Act 1974 and subsidiary legislation);
- Hazardous waste producer registration (Hazardous Waste (England and Wales) Regulations 2005);

For full details refer to Details of Other Consents, Licences and Agreements (Application Reference Number 5.4)

You must cite the document references as appropriate
